Summary

Progressive JavaScript/TypeScript developer with **2+ years of professional web development experience**. I'm good at handling spontaneous tasks as a solo developer, but I prefer working with talented teammates in a structured, pre-planned environment. I am open-minded and receptive to new ideas. **Strong English**.

Technical Skills Core

Languages: JavaScript / **TypeScript**. Frontend: **React** (Hooks), Redux (Toolkit), Tailwind, MUI. Frameworks: **Next.js**, Gatsby.js. Backend: **Node.js**, Express.js. Tools & Workflow: Git, Kanban(Trello), Scrum (Azure DevOps).

Soft Skills

I am passionate about programming, but also comfortable discussing other things. I have my own beliefs and ideas, but I share them only with respect and when asked. I put project goals above code "gold plating", but with maintainability in mind. I constantly appreciate feedback and use it to develop my skills, to make changes for the sake of the team.

Experience

Full-Stack Web Developer, 360 Bound Inc, Atlanta, USA (Remote), October 2022 - Present.

Worked **full-time for two years**, currently in a part-time role due to company restructuring.

Responsibilities: Maintaining and developing features for a private orthopaedic clinic website in the USA.

Front-end, back-end, and hosting related tasks.

10 years of previous experience as a 3D Artist, 3D Modelling, 3D Rendering, video compositing.

Education

Bachelor of Computer Software Engineering,

Ivano-Frankivsk National Technical University of Oil and Gas, 2016 - 2019.

Languages

English: Proficient in reading, writing, listening, and speaking.

Ukrainian / Russian: Native proficiency.

Personal Projects

[RenderSnail.com](https://rendersnail.com) - Productivity tools. [RenderStuff.com](https://rendersnail.com) - 3D related resource.

Interests & Hobbies

Programming, Cooking, Cycling, Traveling, Video Games.

Objective

Eager to learn and grow alongside a talented team! While the project itself is important, at this stage in my career, I'm most excited about gaining experience and mentorship from a supportive team of experienced professionals. Competitive salary and growth opportunities are definitely motivating, but long-term stability is my top priority. I'm looking for a place where I can build a lasting career and contribute for years to come!
